Agenda Item Staff Report for the Council Meeting: July 10, 2018

TO: Honorable Mayor and Members of the City Council
FROM: City Administrator
SUBJECT: Tractor and Mower Purchase Authorization

The Council previously approved the FY 2018-2019 budget which included funds from the Building/Equipment fund 011 for a tractor, loader and 10' flail mower. We identified a NJPA (National Joint Powers Alliance) purchase contract which brought the price down to \$67,455. Reducing the flail mower down to an 8' width is expected to further reduce the price, and slightly increase maneuverability.

Recommendation: Authorize the City Administrator to purchase a tractor, loader and flail mower, not to exceed \$65,000.

Mark Sorensen, City Administrator

- I ACCEPT the PowerGard Protection
- I DECLINE the PowerGard Protection

Customer Signature

If declined, I fully understand that my equipment listed above is not covered for repair expenses due to component failures beyond the original basic warranty period provided by John Deere.

Note : This is not a contract. For specific PowerGard Protection coverage terms and conditions, please refer to the actual PowerGard Protection Plan contract for more information and the terms, conditions and limitations of the agreement.

What PowerGard Protection is :

The PowerGard Protection Plan is an **extended warranty** program for reimbursement on parts and labour for covered components that fail due to faulty material or original workmanship that occur beyond the John Deere Basic Warranty coverage period. The agreement is between Deere & Company and the owners of select John Deere Commercial and Agricultural equipment, who purchase the PowerGard Plans for the desired coverage as indicated in this proposal.

What PowerGard Protection is not :

PowerGard Protection is **not insurance**. It also does not cover routine maintenance or high wear items, or insurance-related risks/perils such as collision, overturn, vandalism, wind, fire, hail, etc. It does not cover loss of income or loss of value of crops during or after an equipment failure. See the actual product-specific PowerGard Protection Plan agreement for a complete listing of covered components, and limitations and conditions under the program.

Features/Benefits:

PowerGard protection include the following features and benefits under the program :

- Pays for parts and labour costs incurred on failed covered components (less any applicable deductibles),
- Does not require pre-approval before repairs are made by the authorized John Deere dealership,
- Payments are reimbursed directly to the dealership with no prepayment required by the contract holder.
- PowerGard Protection agreements ensure that only Genuine John Deere Parts are used in all repairs,
- PowerGard coverage is fully transferable to future owners, with no transfer fees when coverage remains,
- PowerGard ensures higher resale value and makes equipment more marketable during the sale or trade-in,
- PowerGard allows you to budget your total cost of ownership, with financing available through John Deere Credit or other sources,
- PowerGard helps prevent large, unexpected repair bills during later years of equipment ownership, in exchange for a smaller protection fee up front.

This Privacy and Data Policy Overview provides a description of the privacy and data use practices of Valley Truck and Tractor Company (“us”, “we” or “our”) in connection with our receipt, collection and use of data and information from you as our customer, visitor, or user, as applicable. The policy may be changed or updated from time to time. If there is any conflict between this Overview and our full Privacy and Data Policy, the terms of our full Privacy and Data Policy will control.

Collection of Data:

The types of information we collect and share depend on the products or services you purchase, license or access from us or third parties through which you have authorized us to receive information (such as through John Deere’s JD Link™ Telematics system or Trimble’s “Connected Farm” system). We generally receive, collect, use and share both Customer Data (including social security numbers, names, addresses, phone numbers, and other personal information) and Machine Data (information related to the performance, use, and location of equipment or computers with various information collection devices) as described in this Policy (collectively “Data”). **You agree to notify all personnel that use any tracked equipment that their use and location is remotely monitored.** If you need to update or change any information which you previously provided to us then you may contact us at privacy@vtco.net.

Protection of Data:

We strive to protect your Data using commercially reasonable standards. We use a variety of commercially reasonable security technologies to help protect your Data from unauthorized access, use, or disclosure. However, the use of such standards and security technologies is not, and should not be considered to be, any type of guarantee or warranty by us that your Data will not be accessed by third parties.

Sharing and Use of Data:

We use your Data to provide products, services and information to you. Some of the services are designed to allow faster communications and responsiveness between you and us to ensure that we provide services to you as efficiently as possible. We may also review equipment diagnostic information remotely to diagnose and recommend equipment maintenance and repairs. We share your information with certain third parties in order to better serve you or upon your request or approval. These third parties may include equipment suppliers, financing institutions or other third party service providers who assist us in providing the products and services you request or their respective subsidiaries or affiliates. We also may share your information with our marketing, technical, accounting, legal or other professionals to assist us in our business operations. If you purchase products for personal, family, or household use through financing that is provided by us or facilitated by us, you may request that we not share your personal information derived from that transaction with unaffiliated third parties by returning the opt-out form at the bottom of our Privacy and Data Use Policy.
